

CXR™

USER EXPERIENCE RESEARCHER CERTIFICATION

Become a recognized User Experience Researcher (CXR™) and gain research expertise that you can implement within your organisation

LEARN THE TECHNIQUES REQUIRED TO:

- › Create an effective research approach
- › Focus the research to guide experience design direction
- › Build experience lifecycle thinking into the research process
- › Test your experiences with end users

Akendi is accredited by the British Accreditation Council for Independent Further and Higher Education as a Short Course Provider. Accreditation covers courses delivered in the UK only.

Gain a comprehensive overview of the user experience process and become recognized as a user experience researcher

Akendi offers an in-depth user experience certification program that will help to recognize your user experience research expertise in your organisation. This industry-recognized certification will open doors and arm you with powerful tools to help you make exceptional products and user experiences. Participants are free to complete a certification on a course-by-course basis or sign-up for the full certification up front for a discount. We recommend participants interested becoming certified make the *Introduction to User Experience & Experience Thinking™* course their first step.

WHO SHOULD ATTEND?

Participation in Akendi certification programs requires limited prior knowledge of user experience research. The CXR™ certification is appropriate for business analysts, project managers, graphic designers, interaction designers, UX/UI designers, product designers, anyone responsible for websites, web apps, mobile apps, software applications, intranets or the user experience of a product, or anyone looking to expand or update their skills.

Certification Exam

A final exam is required for certifications. The cost of the exam is included in the registration fee. (3 hours)

“The course content was extremely useful and directly applicable to my work.”

— Attendee

CERTIFICATION EXAM

The Akendi CXS™, CXD™ and CXR™ exams assess the participant's understanding of concepts and working knowledge of usability and user experience design. This hands-on component will test your acquired skills, and put the concepts learned into real-life practice. This exercise will reinforce the points you learned and build confidence in your practice.

DURATION

Courses go from 9:30am – 5:00pm.

Sessions include a one-hour lunch break.

Exam duration is 3 hours.

REGISTRATION COST

User Experience Specialist Certification - CXS™

£3625 including exam

User Experience Designer Certification - CXD™

£2075 including exam

User Experience Researcher Certification - CXR™

£2075 including exam

Course cost is per person as stated plus VAT. Akendi reserves the right to cancel a scheduled training session up to five business days in advance of the course in the unlikely event that a minimum class size of four participants has not been met.

Course costs quoted in GBP (£) apply to UK locations.
