CREATE INTENTIONAL EXPERIENCES

Akendi Corporate Overview
WHAT WE DO

Akendi leverages equal parts user experience expertise and creative design excellence. We uncover insights about user behaviour, combine this knowledge with inspired creative design, and scientifically architect the user’s experience to meet organizational goals. The results are intentional product and service experiences that enable organizations to increase uptake, engage users, and improve their effectiveness.

OUR EXPERTS

Our expertise and background includes decades of experience in user research, design, testing and strategic thinking. We hold academic designations in:

Cognitive Psychology  Media Design
Library Science  Graphic Design
Human-Computer Interaction  Human Factors
Industrial Design  Business
OUR EXPERIENCE THINKING™ PROCESS

Every encounter you have with a product, service, software or space comes with an experience. The difference between an intentional user or customer experience and an accidental one can mean the difference between an organization’s success or its failure.

Akendi’s process includes innovation, strategy, research, design, testing and construction to ensure your product’s success.

WHY AKENDI

We work with you to create intentional, evidence-based software, product, spatial and service experiences. We help you align your business strategies with business goals by applying customer research, innovative design and user validation so that you deliver remarkable experiences. We apply systematic steps that involve you, your users and your customers — at the right times and in the right amounts.

RESULTS

Better Human Experiences  De-Risked Investments  Engaged Users
### CAPABILITIES

Akendi’s comprehensive Experience Thinking™ process provides the scientific and systematic foundation for all of our design and usability consulting services, including:

<table>
<thead>
<tr>
<th><strong>Websites &amp; Web Portals</strong></th>
<th>We create and validate the user experience of websites, ensuring delivery of experiences that reflect organizational values, messaging and user needs.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Mobile Design</strong></td>
<td>Akendi optimizes user experiences for mobile websites and applications helping you meet demand across a new landscape of interaction.</td>
</tr>
<tr>
<td><strong>Software UX Design</strong></td>
<td>Akendi creates effective graphical user interfaces for software and applications, allowing users to easily fulfill their tasks and reach their goals.</td>
</tr>
<tr>
<td><strong>Intranets &amp; Enterprise Portals</strong></td>
<td>We help you ensure that the experience for your employees and partners is a positive one from beginning to end.</td>
</tr>
<tr>
<td><strong>Brand Design</strong></td>
<td>Akendi uses research and design to help organizations convey their intended messages through brand and corporate communications design, creating successful brand touchpoints for customers.</td>
</tr>
<tr>
<td><strong>Customer Experience Design</strong></td>
<td>Through customer research, service design, experience mapping, wayfinding and testing, we create intentional experiences that meet customer expectations, keeping customers engaged and satisfied.</td>
</tr>
<tr>
<td><strong>Usability Consulting</strong></td>
<td>Akendi helps you understand the barriers that users encounter with a product or service by conducting usability reviews, usability testing, mobile usability tests and human factors analysis.</td>
</tr>
<tr>
<td><strong>User Experience Training &amp; Certification</strong></td>
<td>Akendi offers specialized training courses to increase the quality of user experience research and design practises within your organization.</td>
</tr>
</tbody>
</table>
## INDUSTRY EXPERTISE

Akendi successfully applies our Experience Thinking™ process to ensure intentional product service and brand experiences across many industries.

<table>
<thead>
<tr>
<th>Industry</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Software</strong></td>
<td>We offer software solutions for a full spectrum of devices – from mobile phones and desktop computers to medical and touch screen interfaces.</td>
</tr>
<tr>
<td><strong>Healthcare</strong></td>
<td>We help ensure that healthcare devices, as well as medical systems, software and services are safe, efficient and effective.</td>
</tr>
<tr>
<td><strong>Technology &amp; Innovation</strong></td>
<td>We have a deep understanding of the technologies and user-centred innovations used to deploy digital systems.</td>
</tr>
<tr>
<td><strong>Finance &amp; Banking</strong></td>
<td>Akendi works with large financial institutions to ensure that customers have successful experiences with applications, products and services.</td>
</tr>
<tr>
<td><strong>Library &amp; Information Science</strong></td>
<td>We work with librarians and content aggregators to improve ease of access to complex information structures.</td>
</tr>
<tr>
<td><strong>Education</strong></td>
<td>Akendi has vast expertise in the education sector, working to raise the profile of institutions challenged with communicating to a broad and diverse audience.</td>
</tr>
<tr>
<td><strong>Government &amp; Public Services</strong></td>
<td>We help municipal, provincial and federal agencies increase self-service capabilities and improve citizen satisfaction.</td>
</tr>
<tr>
<td><strong>Non-profit Organizations</strong></td>
<td>We work with non-profits and charities to increase the effectiveness of their websites, print collateral and campaigns.</td>
</tr>
<tr>
<td><strong>Telecommunications</strong></td>
<td>From service providers to hardware manufacturers, Akendi ensures that systems, devices, and interfaces work as intended in the hands of users.</td>
</tr>
<tr>
<td><strong>Consumer Products &amp; Services</strong></td>
<td>From product interface design to service and package design, Akendi helps you exceed ever increasing client expectations.</td>
</tr>
