

# AI/ML Front-end Development

Deliver an optimal AI/ML experience through responsive web code

You need to connect to customers and users using AI/ML web experiences. We'll work with your web development team to develop an application that's responsive on all devices. Let's get to work and deliver an optimal user experience regardless of screen size, platform, or orientation.

## THIS SERVICE PROVIDES...

A fluent AI product experience for your customers and users

Solid code base that works on all devices

A dev team experienced at working with in-house teams

## WHAT YOU GET

Our front-end dev team delivers the responsive code to your team for completion, or we can deliver a fully functioning AI product. You'll get:

- ✓ All responsive digital assets with the HTML 5/CSS
- ✓ Responsively developed, fully functioning front-end code
- ✓ A modern platform that adapts to multiple screens and devices
- ✓ We work in HTML, CSS, Bootstrap, jQuery, JavaScript, Angular, Angular-Ionic, React, ASP.NET, WPF, C#, CMS: WordPress, Umbraco, Drupal

# AI/ML Front-end Development

## HOW WE DO IT

- 1 We'll consult with you and your team to understand the technical and functional AI product requirements.
- 2 We set up the appropriate development environment.
- 3 Next, we develop responsive front-end web code. We work through iterations and code reviews in agile cycles.

- 4 The team performs QA and tests the AI experience on multiple devices, browsers, orientations, and resolutions.
- 5 The resulting code is handed over along with documentation and training.

## About Akendi

Akendi is a human experience design firm with 16+ years of successful collaborations, leveraging equal parts research-led analysis and inspired creative design. Our multi-disciplinary team of 15+ specialists help your organisation to deliver exceptional experiences and provide strategic insights to put you a step ahead of the competition.

## Our Services

We ideate, strategize, research, design, test and construct all aspects of the customer and user experience, ensuring intentional experiences that meet citizen, customer and user needs. Every time.
