

Intranet UX Design

Ensure your intranet experience is accessible and relevant to users

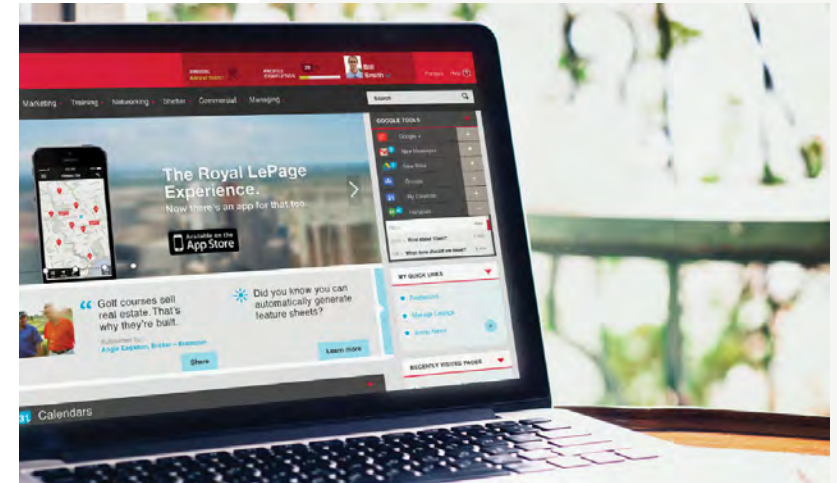

People rely on intranet portals to work efficiently and find information quickly. Our intranet UX design helps make that happen by presenting intranet content in an intuitive, seamless manner to users. Let's help your intranet users get things done!

THIS SERVICE HELPS TO...

Ensure your intranet is efficient and intuitive for your users

Create design and content structures that increase business effectiveness

Deliver excellent intranet experiences for staff

WHAT YOU GET

With our evidence-based, user-oriented approach to intranet UX design, you get:

- ✓ A collaborative design approach so stakeholders understand every step of the process
- ✓ A user experience design that aligns with intranet users' needs, expectations, scenarios and journeys
- ✓ An intranet UX design that engages users with your brand & organizational culture through successful experiences

Intranet UX Design

HOW WE DO IT

- 1 We review our user research supporting the intranet UX design project. This may include experience maps, card sorting, user personas, employee segmentation, & more.
- 2 We develop an information architecture to define an intuitive and scalable structure for the intranet content.
- 3 We create a friction free navigation design to support users' tasks and journeys.

- 4 We design detailed interaction wireframes and test these with your intranet users.
- 5 We bring it all together with your brand to create a fully realized, streamlined intranet experience.

About Akendi

Akendi is a human experience design firm with 16+ years of successful collaborations, leveraging equal parts research-led analysis and inspired creative design. Our multi-disciplinary team of 15+ specialists help your organisation to deliver exceptional experiences and provide strategic insights to put you a step ahead of the competition.

Our Services

We ideate, strategize, research, design, test and construct all aspects of the customer and user experience, ensuring intentional experiences that meet citizen, customer and user needs. Every time.
